

The Vantage 17 combines ease-of-use and maximum productivity to deliver the highest scrubbing performance for small area cleaning applications

Vantage 17

Compact Autoscrubber®

- **Compact, maneuverable design**
allows cleaning in areas with limited space
- **High-capacity solution & recovery tanks**
provide up to two hours of cleaning
- **Center-pivot squeegee system**
ensures superior solution pickup
- **Simple controls** require little to no operator training
- **Quiet operation, at only 67 dB A**
makes daytime cleaning possible

Trusted. Reliable. Efficient.

Clarke®

A compact, maneuverable cleaning solution with superior scrubbing performance

Increased productivity

The Clarke Vantage 17 compact autoscrubber® provides a cost-effective alternative to labor-intensive mop and bucket or high-priced, larger automatic scrubbers. Featuring a compact design and 17 inch scrub path, the Vantage 17 enhances cleaning productivity in small spaces, such as gas stations, schools and healthcare facilities. With a large 8.2 gallon solution tank and 7.7 gallon recovery tank, the Vantage 17 has the capacity to run for up to two hours on a single tank. A center-pivot squeegee system employs a gas spring for optimal blade pressure to ensure superior solution pickup in both forward and reverse. Just one pass leaves the floors clean, dry and ready for foot traffic.

Easy operation

Simple controls and high maneuverability enable operators to use the Vantage 17 with little to no training required. At a touch of a button, operators can turn the scrubber on or off. For enhanced ease-of-use, the Vantage 17 features a foot-activated squeegee lift, allowing users to quickly turn or rotate the machine when needed.

Sustainable cleaning

Operating at a sound level of only 67 dB A, the Vantage 17 meets LEED-EB and GS-42 noise standards—allowing for daytime cleaning or cleaning of noise-sensitive areas. The Vantage 17 comes standard with maintenance-free gel batteries and an onboard charger to eliminate spills and noxious gas emissions associated with wet-acid batteries.

Reliable, cost-efficient cleaning!

Palm buttons

Ergonomic palm buttons on the machine handle enable operators to quickly start the scrub brush when the brush and solution are off in neutral.

Easy to use control panel

Electronic solution control for low, medium and high flow.

Gel batteries

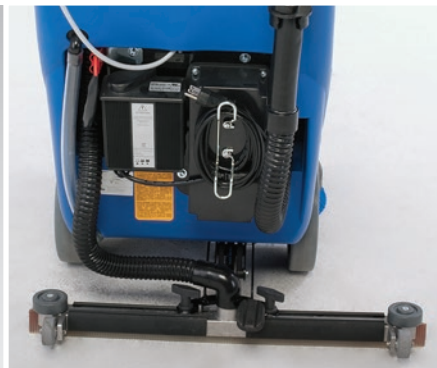

Maintenance-free gel batteries with onboard charger eliminate spills and noxious gas emissions associated with wet-acid batteries.

Vantage 17

Foot-activated squeegee

Foot-activated squeegee lift enables operators to easily maneuver the machine.

Center-pivot squeegee system

Center-pivot squeegee system employs a gas spring for maximum blade pressure to ensure complete dirty solution pickup in both forward and reverse.

Recovery tank opening and hose

Large opening to recovery tank allows for easy cleanout, while the attached hose quickly empties the solution tank.

SPECIFICATIONS	Vantage 17 E	Vantage 17 B
Part Number	9087316020	56383228
Scrub Path	17 in (43 cm)	
Max Productivity (per hour)	14,960 ft ² (1,390 m ²) @ 2 mph (3.2 kph)	22,400 ft ² (2,081 m ²) @ 3 mph (4.8 kph)
Scrub Head	(1) 17 in (43 cm)	
Power Source	115 V cord-electric with 65 ft (20 m) cord	(2) 12 V batteries, 87 Ah gel with onboard charger
Brush Speed	165 rpm	180 rpm
Brush Pressure	106 lb (28 kg)	66 lb (30 kg)
Brush Motor	0.73 hp (550 W)	0.6 hp (450 W)
Solution System	Electronic 3 way w/ Smart Solutions™	
Solution Tank	8.2 gal (31 L)	
Recovery Tank	7.9 gal (30 L)	
Vacuum Motor	0.73 hp (550 W)	0.4 hp (300 W)
Sound Level	74 dB A	65 dB A
Drive System	Brush-Assist	
Length	43.9 in (111 cm)	
Width	22.4 in (73 cm)	
Height (to top of tank)	33.1 in (73 cm)	
Squeegee Width	28.3 in (72 cm)	
Weight	143 lb (65 kg)	138 lb (63 kg) without batteries 264 lb (120 kg) with batteries

Specifications are subject to change without notice.

Applications

- Schools and Universities
- Hospitals/Healthcare Facilities
- Grocery Stores
- Retail Outlets
- Convenience Stores
- Restaurants

“Green” benefits

- Maintenance-free gel batteries
- Meets LEED-EB and GS-42 noise standards

Safety features

- Quiet operation
- Waterproof electrical components

Accessories

- Poly brush
- Medium grit brush
- Battery maintenance system
